Our coffee	
At Kingdom we roast all of our coffee on site. We are seasonal specialty roasters, meaning we purchase from the top 20% of the crop (rating 80 or higher) of the most interesting & delicious beans. The coffees in our espresso blend change frequently reflecting availability & seasonality. We aim to produce a consistent flavour profile that marries well with dairy & nut milks but is also delicious on it's own. Our staff LOVE coffee & are more than happy to answer any questions you might have about our tasty beans & their provenance,
